

## Minutes

October 6, 2011 Lanesborough Agricultural Commission Meeting

Lanesborough Town Hall

Attendees: Darlene Newton, Marv Michalak, Aimee Thayer

The Chair called the meeting to order at 7:25

Old business was reviewed and Aimee reported we had no feedback from the seed project at Lanesborough School this year. She would try and get in touch with Prudy Barton to see how the students made out with the erratic weather this year.

New business included a conversation about the request for proposal for the sale by the Berkshire Natural Resources Council (BNRC) of the Fletcher Farm property on Old Lanesborough Road to Cheshire. The request for proposal was reviewed and members discussed the current farmers working on the property. The deadline for proposals was listed as November 4, 2011 and BNRC reserved the right to reject all the bids.

Projects on the table for 2012 were discussed. Members agreed that the Rabies Clinic was first up for planning. The Lanesborough School seed program will be planned again next year.

The next meeting date was set for November 10, 2011

A motion was made and passed to adjourn at 8:35 p.m.
