77 Baker Street: Enforcement Order/Notice of Intent Application

- S. Parsons received call from SK Design Group requesting a continuance in order to respond to the BCAP comments. Agreed to continue and announced special meeting on 5/17/11 at 7 pm.

Discussion of possible violation on Petricca property involving Condron:

- Located on the west side of the Petricca property. Reviewed history-Mary and Skube conducted site in the past, reviewed site photos. Joe and Jack will visit. No further action will be taken at this time.

Informational meeting with J. Boleng re: concerns Barton property off Narragansett:

**S. Parsons recusing herself due to potential conflict of interest*

- Questioning DEP issuing Ch. 91 permit. Dock is not 25' from the property line. Fence has been erected that blocks access. Dock application was reviewed by Harbormaster. Boleng claims there was no pre-existing dock in that area.
- Reviewed site photos. Claims Barton adding stone to the shoreline and removing the timber wall while the water is up, soils are disturbed along shoreline.
- Requesting Commission nullify the permit. Commission needs more information. Referred concerns about Ch. 91 license to Jeremiah Mew at DEP. J. Trybus will conduct site visit to Barton property.

Other Business:

- Reviewed budget statements
- General mail
